

## Key Features

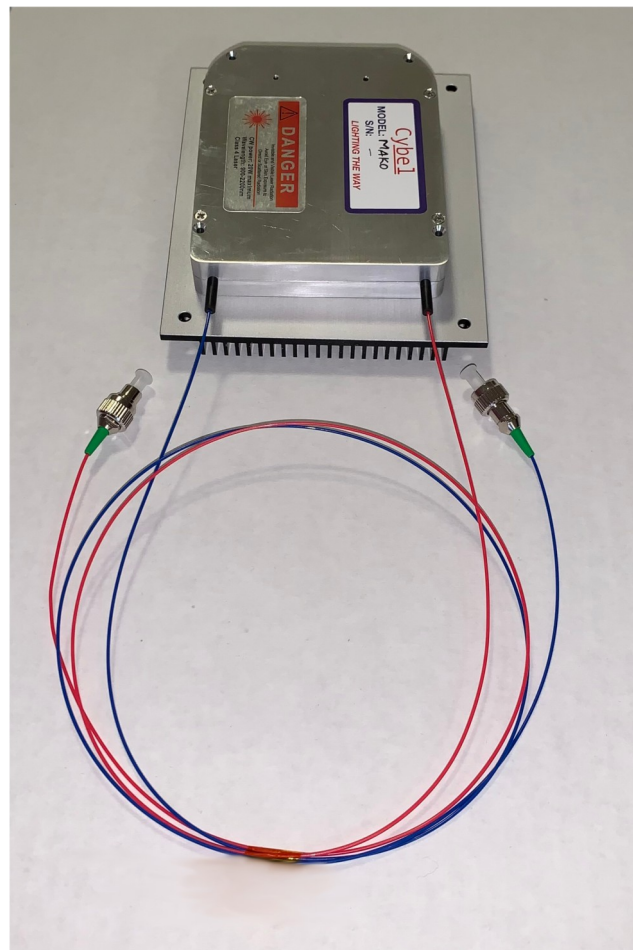

- Thermal power dissipation up to 20W
- Footprint: 118x99.5 mm
- Height: 10 mm

The CYBEL RADIANT is a heat sink assemblies for the OEM Mako module either amplifiers and lasers ( 97x78x15mm<sup>3</sup> ).

RADIANT heat sink dissipates maximum power of 20W and will work efficiently when used with a fan of 800 LFM ( L inear Feet per Minute ).

RADIANT Heat Sink

RADIANT Heat Sink for MAKO module

## Heat Sinks Series

Also other heat sinks available for OEM MAKO

- ◆ VORTEX-forced air
- ◆ POLAR-cold plate
